Linda,

I wanted to thank you for your holiday gift giving service! My friends were absolutely delighted with the Satin Hands Hand Soap, because, who doesn't need soap. But it was the festive holiday towel and the artful wrapping presentation that sent the experience over the edge!

In past years, I was always the one scrambling for last minute gifts or presents that didn't show up until after the new year. But because you let me know about your gift giving service, I was able to think ahead and find timely presents for four lovely women that I'm grateful to call my friends.

Thank you for offering this service so that I can thrill my friends with a token of appreciation for the love and light they bring to my life!!

You're awesome!
