When mortgage rates started to drop, I questioned whether I should refinance. I kept putting it off and finding an excuse as to why it was not a good time. "Was I going to stay in this house? Will the savings offset the closing cost? I don't want to extend my term." I finally decided to give Aaron a call and ask the expert. Within an hour of our initial conversation, he had sent me a fee worksheet with the breakdown. Not only was he able to reduce my payment and rate but also reduce my term. 17 days later we closed!

I was very impressed with Aaron from start to finish. His professionalism and knowledge in this industry are well above his age. When I had a question, he had an answer and responded quickly. I work with a lot of lenders in my industry, Aaron and the Georgia Platinum Mortgage team are top notch! I would recommend them to anyone looking to buy or refinance.

Thank you Aaron and your team for a job well done! Blessed to be in business with you.

Sincerely,

Amy Worley
