Beau Elkins,

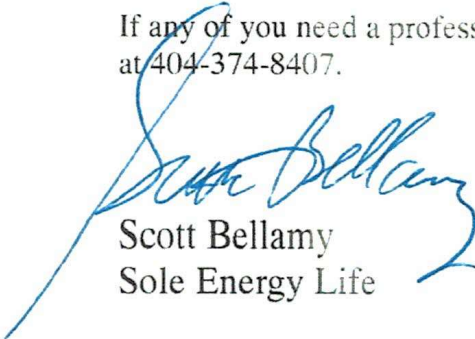

I wanted to take a moment and tell of the great experience I had with you last week during a frustrating time for me dealing with my auto/home insurance company.

As I mentioned to you, I had contacted that insurance company with a question about a possible change in my policy and then I realized I did not to make that change. From that moment on they treated me like they didn't want me anymore as a client and pasted me to an in-house company with higher rates. I was very upset.

Next, I met you at PowerCore and your took my anger seriously and said, "Let's look at your auto/home policies to see if we can match or beat the original companies quotes."

You did beat their quotes but more important to me was that you took the emotion out of the situation and gave me undivided attention for two days. You walked me thru each stage of the process and caused me to trust insurance agents again.

If any of you need a professional agent with total dedication to the craft, give Beau a call at 404-374-8407.
