To Whom It May Concern:

Run, don't walk. Having three kids and trying to coordinate them to sit still, stand still, behave, pose, smile, don't smile, and much more all at the same time and in sync is not an easy feat. It requires patience, creativity, and a natural personality that allows you to relate and bond to children of all kinds.

Enter Courtney. Her demeanor and kindness put you at ease. You and your kids feel safe, feel confident, and most importantly have fun! Yes, you read correctly. Courtney has the ability and talent to make taking family portraits fun.

Not only does Courtney have an eye for absolutely beautiful pictures, but she also has amazing products at great prices to show-off her artwork, aka, your family.

Courtney's photographs of my family were so beautiful, I purchased way more products than walls in my home can hold. If you haven't figured it out yet, I highly recommend Courtney as the photographer for your little ones, big ones, and even you. In the past, I dreaded any portrait session with my kiddies. Now I can't wait for our next session.

Respectfully yours,

Jennifer Yoxall, Esq.
