To Whom It May Concern:

COVID-19 has changed all of our lives whether we want to accept it or not. One of my favorite and in my humble opinion, needed treats that has been negatively affected by COVID-19 and all of the restrictions that go with it is *therapeutic massage*. Luckily for me, I found Julie!

Julie not only has wonderful hands, but she also has the magical ability to appear at my house, like a genie, and treat my ailments in the privacy and safety of my home. I do not have to hop in my car. I do not have to encounter non-mask wearing folks. I do not have to worry that I am going to catch COVID-19 and expose my family because Julie comes to my house, she wears a mask, she washes her hands before and after, she brings clean linens, and utilizes measures and supplies recommended and approved by the CDC.

But forget all of the safety precautions Julie takes, and let's focus on treatment. Julie's hands are so soothing and therapeutic, I admittedly have fallen asleep, with barking dogs and screaming children in the background.

My advice to you, don't let COVID-19 stop you from taking care of yourself. Call Julie and fix that crick in your neck, your sore shins, your lower backpain, bad knees, your strained shoulders, or simply just to enjoy a relaxing and soothing massage to relieve the stress of life.

Respectfully yours,

Jennifer Yoxall, Esq.
