Daniel,

The purpose of this letter is to write you a well-deserved letter of recommendation. Please feel free to provide this letter to any prospective clients.

I have been fortunate to have worked with Daniel on multiple transactions during the past few months. At every closing, his clients rave about what he was able to do for them. His hard work, caring attitude and experience combine to create a wonderful experience for his clients. It is not at all surprising that he has become my preferred Insurance Agent.

If you are looking to insure you home or automobile, I recommend Daniel. I know for sure his raving fan past clients will tell you the same.

Sincerely,

**Jaad G. Nicholas**
