Re: Great Services

Dear Patty:

I would like to take a moment and thank you for the great service that you have provided for my clients. Most of the time you hear about the bad, I wanted to share the good. I would recommend the services of Fidelity Bank, in particular the services of your branch in Sandy Springs to anyone. I recommend Fidelity for all banking needs.

Many of my clients need bank accounts at a bank where they do not have any loans. I refer them to Fidelity for a number of reasons; Fidelity does not pull credit before opening an account, Fidelity gets to know their clients on a first name basis, and Fidelity is conveniently located within a mile from my office.

Fidelity Bank provides personal service for their customers. Not only do I refer my clients to Fidelity, I am a customer of Fidelity. Fidelity is a local community Bank that has the perks of large national banks. I highly recommend Fidelity for all your bank needs.

Thank you,

Jennifer Jakob-Barnes
