To Whom It May Concern:

Finally, on the beautiful spring and summer days we've been able to enjoy our backyard! NO BUGS!

It is really amazing! We had Early Bird Pest Control come and spray our yard for bugs. That weekend we had a birthday party where the guests actually enjoyed being outside – even under the trees! I didn't have to swat away one fly or mosquito and no one complained of getting bitten!

I have always thought that they'd kill some of the bugs, but I always doubted that they could get rid of so many of them! I am 100% convinced that I will use Early Bird Pest Control for all our bug needs!!!

Thank you for letting us know about this solution! We are absolutely thrilled to be able to comfortably use our backyard again!

Sincerely,

Kay Wagoner & Phil Downey
