Dear Dr. Kind,

After being diagnosed with scoliosis and several other back related issues at a young age it is safe to say that I have dealt with a fair share of doctors. I visited Dr. Kind's office after being in a car accident that left my back in worse shape than ever. The service that I received from Dr. Kind and his staff was nothing short of exemplary.

As a young professional, I was worried that I would be unable to make many appointment times because of my busy schedule. Dr. Kind was always able to find a time that was convenient for me to come into the office and there was never a wait time unlike many other doctor's offices. Within two months of beginning treatment for my back problems related to the car accident I was back to my normal self.

Dr. Kind not only helped heal my back pain but he also referred me to another PowerCore member, attorney Mark Thomas, to help pick up the pieces after my accident. Without the help of Dr. Kind I would have spent countless hours visiting doctor's offices and arguing with the insurance company on the phone. Dr. Kind—I cannot thank you enough for helping me get back to normal and being a source of comfort in a confusing and scary time. Your attention and care in handling my case will make it incredibly easy for me to refer to you in the future with confidence!

Thank you!
