Mrs. Diana Crawford is a highly compassionate CPA and Book keeper.

She works day and night at times in her business to ensure her clients stay in the good gracious with the IRS while helping the client's bottom line.

Diana is dedicated to her clients to give them the knowledge to utilize the best tax strategy throughout the year. Her clients are constantly recognizing her hard work and caring behavior.

Not only has she been a great mentor for me while at Powercore, Diana has also helped me with my own business ventures. She has assisted in the creation and tax strategies of multiple businesses for myself and others close to me, saving many of us thousands while keep us in legal standing.

I would highly recommend Diana Crawford at Crawford, Merritt & Company to be your CPA, Book keeper, and Mentor for your business. She can make your paperwork and tax life legal and easy.

Sincerely,
