Beth Hilbert
Send Out Cards
1705 Cumberland Ct, SE
Smyrna, GA 30080

July 29, 2020

Dear Beth,

I wanted to say "Thank You" for introducing my team and I to Send Out Cards. I am pretty sure you knew I was skeptical since I had a history of handwriting each and every birthday card in our office and felt this helped convey how important my clients are to me. However, you were patient and you were willing to meet with all of us on an impromptu Zoom meeting and then spent time with our designated 'Card Leader' and helped her perfect our lists and system.

I can honestly say the results were far better than I anything I expected. The quality of the cards and gifts are certainly great, but the overall process is just so much more efficient than what we were able to do before. You undoubtedly saved about two to three solid days of work each month while at the same time keeping us close with our most important people, our clients!

I think the proof of the pudding was when my own niece received her card and told her mother that she was growing up now and so happy to have her own Starbucks card so she could get her very own Frappuccino!

Sincerely,

Erik Thompson
