June 13, 2014

Dear Jon,

It happens only once every eight to ten years, but when it is time to paint the outside of the house, it can be challenging to find someone who can handle our house. Because of the way the house sits on the lot, the back of the house is over three stories tall. Needless to say, your team did an excellent job of making sure the entire back of the house was done properly.

From the moment you arrived for the estimate until the job was finished, your attention to detail was exceptional. You walked us through the process, provided a sound estimate of the work to be done, and then your team went to work. Over the several days that it took to repair the back deck, redo the front porch railings, pressure wash the entire house, prep work and then paint, your team was efficient, paid attention to detail, left the outside of the house picked up between days, and made sure that even the tiniest detail was done right.

I would highly recommend you and your team to our family and friends. It was a pleasure working with you.

Again, thank you for the service you provided to Ben and I.

Sincerely,

Linda J Carroll
