Dear Keith:

This year marks the fourth anniversary of doing business with you, and I want to take this opportunity to express my deep appreciation for all the great work you have done for me.

Since 2016 you have handled all my business accounting using the latest cloud-based technology and prepared my corporate and individual income tax returns. You monitored my business to provide me with the best tax planning strategies, and you continuously monitored the tax laws to keep me updated on changes that affect and benefit my business.

You are always available by phone and email to answer my tax and accounting questions, and your advice is invaluable. You have saved me a tremendous amount of time and money. I have never had a better CPA.

Thanks again, and I look forward to working with you in the coming years.

Sincerely,

Paul Shimek III
