Drew Niess
Allstate Insurance

Drew has been excellent to work with. In fact, I have never worked with someone who is so thorough and fast to respond to every question. Drew works hard to make sure his clients are happy, getting the coverage they want, and at the best rate possible.

Buying and selling a house is stressful and overwhelming. So much to do and so much to spend. Drew was rapid fast at getting us the information we needed to close on time. And to have peace of mind that we were insured appropriately and getting a great value. We also switched our car insurance to Drew and something everyone should ask him about is whether to get an umbrella policy, which we did.

When friends say they are moving, they will need to get insurance for the new property. I ask them if they already have an insurance guy, because I know they will be in good hands with Drew Niess!

Regards,

Kevin Flink
