

David Machost

Thank you,

My wife was very happy, which means I was happy and look forward to providing your name to my friends and relatives whom may need your services in the future.

You kept me abreast of the product ordering and you scheduled the installation around my schedule, which was very convenient. On the day of the install, you were on time as well as the installers and you kept coming back to check on the progress throughout the day. This process was very seamless and would highly recommend you and Integrity Flooring for anyone that may need to update or change out their flooring.

When we initially talked, I advised that we only had a small area that needed to be upgraded since the rest of the floors had already been completed. Your initial consultation was smooth and very informative as to what may or may not look the best in the area that was being worked. After you brought out many samples, my wife was able to promptly select the color she wanted and after your measurements of the area we had a work order submitted to your company.

I want to take this opportunity to thank you all of your assistance in helping my wife find the flooring that she had been wanting.

Pearce,
