Garrett Insurance Agency

David,

Thank you for helping my client Emily find homeowners insurance. As a first-time homebuyer, you helped her not only find a great policy at a wonderful rate, but you also helped her understand the importance of coverage so that she can properly protect the biggest investment in her life.

We had a short timeline to get her insurance in place and you made sure she had the information and advice she needed to make a smart decision for herself.

Thank you for helping my client and thank you for making me look good in recommending you.
