Dear Stacey,

Thank you so much for all of your hard work on our home loan. When my fiancé and I decided it was time to blend our families and our homes we knew that we wanted the timing to line up with our summer wedding and before the kids would head back to school. We got to work with our PowerCore realtor and I recommended using you for the loan.

As I anticipated, working with the you was a great experience. You helped walk us through the loan process and fought hard for us to qualify when my self-employment became a bit of a stumbling block. Your obvious expertise and your willingness to work as hard as necessary to get us qualified is so appreciated and we are looking forward to moving into our new home later this month.

You attended our closing and you were even solving last minute issues at the closing table. Because you were there and participating in the review of the closing documents, we received a refund check for an amount that you pointed out shouldn't have been charged at closing.

I will happily recommend you to anyone thinking about buying or refinancing their home as I know first-hand how knowledgeable and client-focused you are. Thank you for making the process as easy and as stress-free as possible.

With Appreciation,

Katie Sparks
