Re: Endorsement of Executive Auto Brokerage, Inc.

Dear Sir or Madam:

I am writing to enthusiastically endorse Tony De Feria of Executive Auto Brokerage. I met Tony through my membership in Milton PowerCore. For months, I heard him describe both his personal love of cars and the passion he has for helping his customers select a car that will be safe and reliable. When I decided to replace my sedan with a SUV that would better serve my family, I asked Tony if he would help me find the right one.

Tony was a pleasure to work with from the very beginning of our search. He explained his process and the way the entire transaction would work. He sent me a copy of his contract to review in advance so we would be ready to move on a good deal when it appeared. He listened to my thoughts on potential models with unending patience and gave great feedback about the vehicles I was considering. Up to now I had never purchased a vehicle on my own, so Tony's guidance and expertise made me feel very comfortable.

When we found the perfect car at a dealership right here in Atlanta, Tony had me test drive the car and then he handled the financial negotiations. I went in the dealership twice: to test drive and to pick it up – no pushy salespeople or haggling required! Tony negotiated a very fair price on my behalf and the car is a lot of fun to drive – for once I wish my commute was longer.

I absolutely endorse Tony's services and encourage you to buy your next car with Executive Auto Brokerage.

Sincerely,

Katherine Sparks
