To PowerCore:

Robert Slocum with North Point Home Services recently came to our new home to install a barn door in the owner's bathroom near the shower area. We have a large walk-in shower but there was no privacy for those sleeping.

Robert did a great job installing the barn door and, in fact, it is better than what we anticipated.

Now one can sleep when we go to those early morning meetings!!

Thank you, Robert.

Sincerely,

Curtis L. Turner III
