To Whom It May Concern:

It is my pleasure to write this letter on behalf of Dr. Philip Bruce Crane. My family has been treated by Dr. Crane for over a year. His approach to whole body healing has had a great effect on my family.

First, my son Isaiah would have difficulty going to sleep at night. Some nights it would take over an hour. We could hear him talking, singing, or thrashing around in bed. After Dr. Crane treated Isaiah the first time, Isaiah went to sleep in about half an hour. After 3 treatments Isaiah would go right to sleep and also sleep through the entire night.

Next, Isaiah would spin in circles or continue to stand on his head. Dr. Crane adjusted Isaiah's skull and ears. Almost overnight, Isaiah was released from his issues.

My wife Mellissa had issues with choking on her food. She had a procedure at the hospital that was to fix the issue to no avail. On her first visit to Dr. Crane, he realized she had a hernia. Dr. Crane fixed the hernia and now my wife is eating steak with no issue.

Last, I have had issues with my left shoulder being tight and not having a full range of motion. Dr. Crane pulled on my front two teeth and my shoulder released and moves with no problem.

These are a few of the many amazing services that Dr. Philip Bruce Crane has done for my family. His practice is unconventional, amazing, and results oriented. I have referred his services to many friends and family. I now refer him to you with all my power and gusto.
