**To Whom It May Concern,**

**I couldn't be happier to recommend my close business client, Lisa Landry for all your health insurance needs. She is a person of impeccable character.**

**Ever since we first met in 2016, Lisa's incredible knowledge of health insurance coverage and interpersonal skills have always impressed me. When I decided to become a full-time business owner in 2018, she made the transition from me having health insurance as an employee to having health insurance as an employer -- seamless.**

**Lisa took away all of my fears of not having or affording health insurance as a business owner. This is one of the main reasons people do not take the leap of faith in full-time entrepreneurship. Lisa as my health concierge helps me understand my health insurance coverage to receive the best care possible.**

**It is truly a privilege and an honor to be considered Lisa's friend, and I wholeheartedly recommend her to help you with your health insurance needs. I assure you that her commitment to her educating people on better health insurance coverage as well as her high moral values, are without question.**

**Please feel free to contact me if you have any questions.**

**Sincerely,**

**Yvette D. Best**
