

July 25, 2022

Dear David,

Back in 2015 my husband and I did a renovation of the interior of our home. We only had so much money to work with at the time and so there were some things that we did not get to. One of those was replacing the back door on our home.

You helped us realize the goal of replacing that door. And you got a beautiful new door for our home at a great price. The installation was a quality job and we are so happy with the results!

Having you replace the door for our home was worth the wait. I look forward to opportunities to give out your card to friends or clients in need of your services.

Thanks again—

Susan Wright, Branch Leader/VP
