Beauty by Bowers Day Spa

Dear Jamecia:

You said Prom makeup and I thought of my son. Laugh if you will but I was only blessed with boys so prom makeup really didn't resonate with me. Then I thought of his date. She had moved to Memphis in January but was coming back for the weekend just for the special occasion. She wanted to look her best and her Mom had a lot of other things to get done that weekend, so I volunteered for makeup duty.

"Mom, please don't let her look all caked up!" was my son's only request. We were on a short time schedule and you worked with precision and command. You listened to her wants and looked at the pictures she had and got to work. You turned a cute girl in to a stunning young lady. I loved it, she loved it and my son loved it.

Important events in life are captured by pictures and a best face forward certainly gave her confidence and the pictures turned out beautifully. I know I am biased but I think they were a beautiful couple. They had a great time and she was very happy knowing when she got to see her old friends again at the prom, she was going to look amazing.

I would overwhelmingly recommend you to mothers looking for an age appropriate make up professional for their daughter's special occasion . They will have a boost of confidence knowing they are going to look amazing.

Sincerely,
