Dear Jamecia:

I first want to thank you for Getting Xfinity Economy & Internet from me, and trusting me also with the referral of your Mother!

In kind I wanted to see what you do for me with your company. Being a man, we are normally not interested in professional products for the skin. But because of you supporting me, I decided to come to your office and was first surprised of the Professional Spa you have there. Also to know that you have your Degree in Biology and are a Professional Esthetician and makeup artist also impressed me to listen to what you have to offer.

Because of my swimming on a regular basis, I do get dry skin often, and after you explained me how important it is for me to get hydration not only for my body but my skin I decided to listen to you and to get Professional Shea Butter Body Lotion to hydrate me after I swim. I will use it after I swim, and will refer you to others that have dry skin like myself!

PS: I was also surprised to see that you have a family practice and your Father is a Doctor of Dentistry. I don't have a good dentist but do need to see the dentist. I was happy that your mother was able to give me a great special for a first time appointment. I look forward to seeing your Dad on Monday for an X-ray and Check-up.

Best Regards,

Howard Ferguson
