Decatur, Georgia 30032

Dear Mr. Hamilton,

I want to thank you for taking care of my client's roof. From the ground I noticed that there were a number of missing shingles and it appeared that there were some installation issues with the existing shingles. As the house had vaulted ceilings, I wanted to have any roof repairs completed before we painted the interior.

You were able to promptly come to the project, give me a full assessment of the roof and video documentation for my client. The amazing thing is that the assessment showed the roof was in pretty good shape and that a replacement wasn't needed. The wear and tear I saw from the ground was normal for a ten year old roof and you recommended replacing the missing shingles and some simple maintenance to get the roof ready for the next ten years.

The roof didn't need to be replaced, but you took care of my client in a way that was in their best interest. It was the right solution and they had the peace of mind that their roof was ready for their move in and will last for years to come.

Best regards,

Mike Smith
