Since being introduced to Power Core I have been impressed by the level of professionalism from Daniel and heard countless testimonials of the level of service he has provided for his clients. Eager to do business with him thus when given the opportunity establishing my Food Service business, I knew Goose head would offer the coverage needed. Daniel was able to Zoom call with me and my partners and patiently answer every question with confidence calming all doubts whether we were working with a company that would want to protect us and see us grow.

He quickly provided Insurance for my business for a vendor location where they wanted to be listed for coverage same day. He promptness and response time has been far better than any agent I have worked with. This coupled with the feedback from referrals that I have sent, makes it a no brainer to with Goose head Insurance for my needs across the board.

I look forward to a long and high valued relationship with Daniel and credit Power core for igniting this relationship. Thank you

Professionally,
