Curtis,

I want to take this opportunity to thank you all of your assistance in helping my friend, Brian and his daughter with her upcoming health insurance plan.

When I initially talked with Brian concerning Erin's upcoming birthday in which she will be 26 years old, I asked him if he knew that she had to come off his group policy. He advised that he was aware of the situation but really did not know where to start looking and he said they were on the ACA.gov site and he was confused.

I told him I knew the right person who could help him navigate these treacherous waters and asked him if I could put him in touch with you and he asked for me to pass on his information to your company. A few days later he advised me that you made contact with him the same day and went over the options that available and how being an independent agent he could provide superior service than the ACA website.

Brian was very impressed with your promptness and knowledge of the options and when we got back together he told me that was one of the best experiences he has had with any insurance representative.

I appreciate you taking the time to work with him and helping him through this upcoming health insurance change they are facing. You made me look like a million bucks by referring him to you and will do it again whenever health insurance is brought up on a conversation.

Thank you for making this a great experience for him.

Sincerely,

David Machost
