

# RHODUS LAW FIRM, LLC

---

July 24, 2014

Dear PowerCore Friends:

Seven years ago, I had the good fortune to find myself on the North Point PowerCore Team with Curtis Turner.

Soon after we met, Curtis and his life & health insurance firm, Executive Ideas, helped me establish a critically needed group health insurance plan for my new law practice. Several times since, I have called and consulted with Curtis when I needed a trusted and knowledgeable life and health advisor in connection with matters for my clients. Most recently, Curtis devoted a great deal of time and effort as he researched options and patiently advised my wife and me, as we navigated the confusing world of Medicare supplemental insurance.

I have found Curtis to always be highly skilled, professional, prompt and prepared. Most impressively, he keeps current and aware of the complex, ever-changing healthcare rules and requirements, and he always knows what is best for his clients.

Therefore, it is with great pleasure that I endorse and recommend Curtis Turner.

Sincerely,

David M. Rhodus
