Dear Curtis,

Thanks for the excellent and professional work you did for Jeff and Cathy Collins. They both have thanked us multiple times for all the money you have saved them with your professional advice and the policies you provided to replace their old insurance.

Your expert knowledge and willingness to go above and beyond the normal scope of an insurance agent has made me appear even more professional to my customers and friends whom I have referred to you. Thank you.

In additional, please accept my personal thanks for the money and trouble you have saved my wife and me with our life and health insurance and dental plan. The vast extent of your knowledge of the ins and outs of insurance is absolutely amazing.

Sincerely,

Larry Black
