

Eleanor,

In my career I've worked with a LOT of printers – and have even worked in print shops! In those 20+ years, I have never experienced a helpful, friendly, *and* knowledgeable printer ... until I met you.

From recommending paper stock to catching MY typos, you go above and beyond what I would ever dare to expect from a vendor. I know I can trust your judgement when it comes to color shifts and finishes... and that makes *me* look like a rockstar to my clients.

You check all the little details to make sure everything is just perfect – even checking to see if I would prefer for you to white label the packaging. It's just another level of courteousness not always afforded by the average printer.

As you can tell, I am a bit of a control freak when it comes to printing, so there are very few situations where I'll ship a print order directly to a client. I like to triple-check the quality before I let my clients even review the final product. ArtsPrinting is the exception to my rule. I know that your standards are in line with my expectations.

My clients are always pleased with the finished product every time I send a job your way. It's a pleasure to send my work to you, as I know that you will take as much care as I do for my clients. You make my work-life so much easier... thank you for all that you do!

With gratitude,
