Linda,

Last Christmas, you helped me as I purchased "Footsie Rolls" for me and my family for Christmas. Everyone loved the adorable gift presentation and fun socks. Thank you for adding that fun to our holiday.

This letter may seem a little late, coming in June, but over the last two days, I walked nearly 15 miles while performing my side gig of teaching motorcycle safety training. Man, did I need the Mint Bliss Energizing Lotion for Feet & Legs that were part of my "Footsie Roll"! I'm not sure what's in that product, but it made a world of difference to my aching feet. I don't want to know what I would have felt like without that magic lotion!!

Thanks for being such a great resource for a need I'd never understood that I'd have!
