To PowerCore:

Mark Weiss has helped me build relationships with my prospects and clients for more than 10 years.

Each year Mark works with me to create a personalized birthday card for my valued friends and customers. Also, he puts together a witty Thank you card that we send to new clients.

Mark's system of staying in touch with customers is a great and appreciated service.

I would recommend Mark for your "building relationships" marketing.

Sincerely,

Curtis L. Turner III
