Peter,

I want to take this opportunity to thank you all of your assistance in helping my friend and your new client, Jason Katz get his finances in order.

When I initially talked with him it was about his personal taxes and through our discussion, I learned that he was opening up his own business and he had a ton of questions. I helped where I could, but I knew immediately that he needed to sit down with you and go through each item line by line. When it was all said in done, he became a client of your for both personal and business taxes and I appreciate you taking the time to work with him so he has a solid foundation moving forward in his new business venture.

Since that time when I get with him, he sings your praises to anyone that will listen. You made me look awesome by referring him to you and will do again anytime taxes are brought up in a conversation.

Thank you for making this a great experience for him.

Sincerely,
