Re: Taxes for J.F.

Dear Peter:

Thank you for taking care of my client J.F. When J.F. came to my office for his initial consultation, I quickly realized he also needed someone with expertise in the tax field. Not only had my client not filed his taxes in a number of years, his books were a mess.

I was happy I could refer him to you. You were able to quickly sort through his pile of documents and prepare his tax returns (for multiple years). He commented on how easy you were to work with, even though he was a difficult client.

My fear that we would not be able to file his bankruptcy because he would never complete his taxes was relieved when he told me he had engaged your services. I filed his bankruptcy case, knowing you would draft and file the taxes quickly. To my surprise, they came quicker than expected. And you helped put a system in place so he can handle the daily books going forward. Hopefully next year when it is time to file his taxes, he will have followed your system and have all the documents in place. Thank you for giving the close personal attention to all your clients!

Thank you,

Jennifer Jakob-Barnes
