Lonnie Anderson
Realtor
Virtual Properties Realty
Stone Mountain, GA

Dear Lonnie Anderson:

I wanted to take a moment to thank you. My wife has been talking for years of moving. We started the search as a hobby, which turned in to an obsession. While I had been a homebuyer before, she had not. Enter the great, Lonnie Anderson.

You were able to meet us, look up the homes quickly, and found the time to do the background on the properties we had selected for viewing (there was not as much lead time as I would have expected..). On top of that, you actually asked if we would like to look at any others! Taking the extra time to be sure we were content really sets you apart. Your patience and knowledge through this process has been astounding.

WE love that you were there whenever necessary. You had the answer to each question. Knowing that you have been a builder, know homes in-and-out, and look past the face of the home really put our minds at ease. Your confidence and knowledge became contagious; making what is commonly one of the most stressful situations almost easy. I look forward to working with you, our Realtor, again in the future.

Sincerely,

Geoffrey Horney
