Dear PowerCore,

Robert Slocum with North Point Home Services has helped us over the years including rebuilding our back deck.

Recently, he did work for our HOA when the fence partially fell. In calling around for fence repair companies, we were told there was a 100-foot minimum meaning thousands of dollars.

Robert was able to repair the fence for much less and did a great job.

Nancy and I have known to trust Robert with all “around the house” repair needs.

We strongly recommend his services.

Thanks,

Curtis L. Turner III, CLU®, ChFC®
