I am no stranger to back and shoulder pain in my life, and as such have seen a few chiropractors. Dr. Drew is by far the best one I have seen. When I had a sudden bout of shoulder pain, that prevented me from raising my left arm, I called Dr. Drew and set up an appointment that day. He gave me an adjustment, then worked on my shoulder and back using Graston Technique. Using the tools he worked out much of the pain. He then had me on muscle stimulation and heat for 15. I left feeling better.

His medical demeanor and affable personality make all appointments a breeze. His anatomical knowledge, chiropractic skills, and consideration of how the whole body works in unison, gives me great confidence that my pain will lessen. After each appointment I feel more loose and comfortable. I can't recommend Dr. Yeager's services any more than I can. If you're in the need for a chiropractor, look no further.
