December 20th, 2016

To whom it may concern,

I am pleased to write this Letter of Recommendation for Robert Slocum of Northpoint Home Services.

My family has been planning to finish our basement for over a year. After quite a few estimates, we settled on Robert's company. Although his estimate was not the cheapest, we felt comfortable with his level of knowledge and professionalism. Having worked with him on smaller projects, we knew he was trust worthy and meticulous.

The project parameters changed several times over the next couple of months. Robert was patient and adjusted his estimate without blinking an eye.

When it was time to begin, he set-up a reasonable schedule. We are thrilled with the overall quality of construction and level of finish provided by Northpoint Home Services and their subcontractors. Their attention to detail and consistent level of quality shine through in every aspect of their work. Robert got the job done ahead of schedule and within budget. It was a pleasure working with Robert Slocum on our basement renovation project and we highly recommend them for your home renovation needs.

Sincerely,
Dyann Diamond
