Drew Niess, Smart Helpful Insurance Agent

Drew has been our agent for about ten years now. The big question is why did we wait so long to move our business to him.

We have coverage needs for the usual auto and homeowner insurance but we also have a decent amount of single family rental property which need coverage too.

Drew stepped in smoothly and provided coverages for all of these without a problem but also at appreciably better rates than we had been paying before. Also, very importantly, we began to enjoy accessibility and involvement by Drew that we had not experienced before.

Drew always has a thoughtful suggestion when there is an issue we would like to air out.

Lower rates, better service, insightful advice,

Drew can't be beat.
