Steve,

I want to commend you on the great job you did for Hector's Family!

They had purchased a home less than 3 years ago so I had assumed they would use the same realtor, but when they asked for a referral I did not hesitate to refer you and based on their social media posts I know they are glad too!

The feedback they gave was that you did a good job listening to them and they were impressed with your thoroughness in reviewing both homes.

Confidently,

Tommy Schlosser
