To Whom it May Concern,

On behalf of *Sound Design Techniques LTD Company* I am writing regarding *the opening of a business checking account at BB&T. A great job done by Susan Wright.* I'd like to express my conviction that this has created success.

Success created by this means . . .

- *A bank account for all business transactions.*
- *Centralized financial record keeping.*
- *A business banker.*

Sincerely,

*Fabian Lewis, Certified Six Sigma Yellow Belt  
Board Director*
