RE: Endorsement Letter

Dear Mr. Dortch, II;

First off, thank you for the excellent work you did for my paralegal Donna. Being a small boutique firm and not being able to offer the benefit of health insurance, I am so grateful to be able to recommend you to my staff for their health insurance needs. My staff has thanked me numerous times for connecting you all together. Overall, your expertise in the confusing and intimidating field of health insurance is beyond expectation. After your meeting with my staff, I could tell you were able to break this complex area down to simple terms which was understandable. The effort you put into health care supplements has allowed my staff to sleep better at night which allows them to be more focused at work, without the worry of not having health insurance hanging over their head.

In my area of law, questions about plans or forms concerning my clients comes up. By having you in my corner, I know that any question I have you are there to give straight forward answers. Best part about dealing directly with you, which speaks volumes to you as a person, is if you don't know the answer to a question, you are humble enough to admit it but will not rest until you find out the answer.

It is great to know that anyone I refer to you will be treated like family and given all the information they need to make an informed decision. Again, thank you for helping and being there for your newest client, Donna.

Sincerely,

*/s/ Michael J Lonati Jr.*
