October 31, 2022

Dear Kevin:

First impressions in a photograph are just as important as first impressions in person. The photograph you took of me certainly makes a statement and speaks the proverbial "1000" words!

You went the distance and paid attention to details to make sure all of the wishes were met during our photo session. The pink background to represent my Mary Kay went above and beyond my expectations! Jypsy, your makeup artist, added great value and I loved the fact she used Mary Kay Cosmetics!

The wardrobe changes were fun; especially walking on my pink runway to duplicate my experience at our Mary Kay Seminar. I have chosen your photograph to replace my official Mary Kay photo!

As our time came to a close, I wanted to do it all over again! Thank you for my new pictures, your professionalism, making my experience fun and for your honesty in choosing the best of all of the photographs taken. What a great memory for me to reflect upon as I continue my Mary Kay journey!

Sincerely,

A handwritten signature in black ink, appearing to read 'JACQUE STREEVER', with a large, stylized flourish underneath.
