Mr. Paul Shimek,

It is with great appreciation that I write this letter of endorsement for you on behalf of my family. My aunt was recently in an automobile accident and left overwhelmed with the chase of the at fault insurance agency, personal injuries, and fear of being left without a car or financially able to obtain a new car if hers was totaled. Paul, your professionalism, and expertise has shown through to get her into a new car with no extensive out of pocket cost. My aunt's goal was only to get settlement from the at fault insurance company— not to seek financial reward by pursuing a lawsuit. Taking the time to walk her through this process and give her time back by taking this task off her hands was a gift in itself. It is appreciated that you would treat our family just as good as if it were your own. While I hope that I don't need to recommend you in the near future, I will have no doubts when that time comes, and someone needs your expertise!

Sincerely,

Melissa Graham
