Re: Endorsement Letter

Dear Di,

I want to take this opportunity to thank you for educating me on auto and homeowner's insurance, and most importantly, saving my wife and I almost 50% on our premiums! Before I switched to DM Insurance I had a captive State Farm agent, who was my family's insurance agent since my parents moved to Atlanta 30 years ago. No one in my family had evaluated their insurance coverage or agent since that time. I never knew there were so many options.

In February, I got my State Farm renewal notice - my auto insurance premiums rose about 10%. I have been accident and ticket free for many years, so the increase rubbed me the wrong way. That's when I gave you a call, you took my information and had me quotes the next day! You made me feel like I was your only customer. Your quality customer service and ability to shop many different insurance companies for the best price sets you and DM Insurance apart. You truly make it easy to refer friends, family, and clients to you. As you always say, be loyal to your insurance agent, not the insurance company - I know I will be.

Best regards,

Mark Stuckey
