

To Whom It May Concern,

I've known Louis for a few years now and I can highly recommend him to any of my contacts. He is knowledgeable, professional, and interested in doing what is right for his clients no matter that it may cost him a few dollars in fees. He is very creative designing insurance coverage to match the needs of his clients and will go the extra mile to be sure they are satisfied with his products and services. When I meet someone who is interested in talking about health, LTC or life insurance, Louis is the first person that I recommend them to contact.

Sincerely

Tony Fiorda
