

Dale Johnson  
The Civilized Plumber  
1681 Tilling Way  
Smoke Rise, GA 30087

Dear Dale,

I've used many plumbers over the past 20 or so years, and I've never come across one with the level of professionalism provided by your aptly named firm The Civilized Plumber.

Whether it was an urgent call regarding a backed-up kitchen pipe, which you helped me resolve at short notice, a leaking bathroom faucet, or installation of a new outdoor spigot, The Civilized Plumber has always provided a quality job.

How refreshing to have a plumber whose employees arrive on time; let you know promptly if they are running late and who perform quality work without charging excessive fees. Oh, and I appreciate how they are always willing to explain why something must be done a certain way, when I've had questions. Dale, for a busy homeowner like me, your professional and trustworthy service has been indispensable.

Whenever someone in the neighborhood is looking for plumbing help, I don't hesitate to recommend they call The Civilized Plumber.

Sincerely,

Meredith Sims
