Dear Mimi,

It's a wonderful thing when you can introduce complementary business owners and find out later that they worked so well together.

When I spoke with my realtor friend, she told me she had just done her first closing with you and couldn't speak highly enough of the process. As you might recall when we had lunch together, she had mentioned that her current closing attorney had become less responsive of late and had also been downsizing their staff.

"Mimi's team was fantastic" she said. "They provided me with constant updates via email." She went on to add "So often I have had to chase the closing attorney down. Mimi's staff were so quick to respond. It was a pleasure working with her."

Thank you, Mimi, for providing such amazing and seamless service for my friend. Clearly you and Ganek PC are a terrific resource for realtors who are looking for a supportive and professional real estate attorney. I won't hesitate to recommend you.

Warmly,

Meredith Sims
