To Whom it may concern:

I am writing this reference on behalf of Valerie Brutti of Harry Norman.

Ms. Brutti has several strengths I'd like to share. She has exceptional professional skills. She efficiently and professionally handled the sale of our property in June 2019 in a minimum amount of time and with all hurdles cleared with her expertise. Valerie has great insight when it comes to the real estate market. We couldn't have asked for a better representative in the selling of our property. She is extremely ethical, communitive, and treats all parties with the utmost respect. Within 3 days of our property being on the market, we were under contract! Mrs. Brutti always went the extra mile and ensured the whole process moved in an efficient and seamless manor.

We are very pleased to give Valerie the highest recommendation for anyone looking for an agent. Her in depth "know how" and the numerous professional and personal contacts in the business, places her in an enviable position from where she can take advantage of the opportunities for her clients which other realtors can only dream about. This alone sets her apart from her fellow realtors in the market. If you want a trusted realtor, you want Valerie.

Best Regards,

Mike and Maggie Grayeski
