Dear Dave,

When my hair stylist of many years passed away from cancer, I began my search for someone who could take care of my hair the way he did.

My experience of your talents along with your "let's-have-fun" joy in your craft has filled a place that has long been waiting for you.

Every service, from the haircut and beard trim to the hot towel facial and paraffin hand dip were extraordinary. I left your salon refreshed and happy.

I recommend you to any gentleman who wants great barber services. I am very happy to have found you.

Sincerely yours,

Kevin Ames
